

70TH ASM

Evolving Practice for the Next Decade

ASOHNS ANNUAL SCIENTIFIC MEETING

13 - 15 March 2020

ICC Sydney, Sydney, New South Wales

Including the Otorhinolaryngology Head and Neck Nurses Group Inc.
24th National Conference

PRESIDENT'S INVITATION

In its 70th year, the ASOHNS Annual Scientific Meeting is certain to be a special event.

The Society's ASM is the premier education and networking event for the otolaryngology head and neck surgery community in Australia.

The 2020 meeting will be hosted at the International Convention Centre, Sydney from Friday 13th to Sunday 15th March.

Led by Richard Harvey and Yuresh Naidoo, the organising committee has invited a highly engaging list of local and international experts.

Enjoy the camaraderie and the opportunities to participate in hands-on demonstrations and Q&A about innovative new products and technology that can help improve your practice and enhance patient care.

Phil Fisher FRACS
President, ASOHNS

CONVENER'S INVITATION

The 70th ASOHNS Annual Scientific Meeting is being held in Sydney, March 2020, in the new Sydney International Convention Centre. As conveners, we are pleased to invite you to what promises to be an exciting meeting.

With the new decade looming, we have a program bringing together an update for otolaryngologists moving forward in the next 10 years of practice. We are being joined by five prominent overseas keynote speakers in the fields of Sleep, Rhinology, Pediatrics, Otology and Head & Neck Surgery.

Satellite workshops will offer hands on surgical skill training in otology, rhinology, sleep and head and neck surgery. The theme of our meeting is *"Evolving Practice for the Next Decade"*, reflecting the need to integrate the evolving knowledge of disease into our day to day practice.

We look forward to welcoming you to Sydney in 2020 for all that the meeting and city has to offer.

Richard Harvey FRACS
Convener, ASOHNS ASM 2020

Yuresh Naidoo FRACS
Scientific Convener, ASOHNS ASM 2020
